NO HOME DOCK FOR THE COUNTRY'S FIRST BATTLE-SHIP.

SECRETARY RERBERT'S ENDEAVORS TO HAVE THE DEFECTIVE PORT ROYAL DOCK USED FOR THE INDIANA.

[BY TELEGRAPH TO THE TRIFUNE.] Washington, Sept. 10.—Secretary Herbert seems to have become aroused to the fact that the country regards as a National humiliation the fact that there is no home dock his enough and strong enough to accommodate the battle-ship Indiana. The Secretary is endeavoring to induce the Cramps to put the ship in the Port Royal dock, which has reported defective, and not take her to Hall-He seems to think that there would be little in docking the vessel at the South Carolina station. He is evidently greatly worried, and he will strive earnestly to make it appear that the country's first battle-ship will not have to go to an English

dock question to-day said they could well understand the Secretary was anxious that a home dock should be used by the Indiana, in view of the fact that there had been so much politics brought into the construction of those at Port Royal and New-York. These officers do not agree with the Secre-tary that the Indiana can be repaired at Port Royal. They would prefer that such was the case, but they believe that a great risk would be run in aking the attempt. They say that they would not duty without positive orders, and even then would obey only under protest.

Some new facts relative to the condition of the

Royal dock have come to light, going to show that the recent test of the basin was not conclu-sive; that the construction work is imperfect, and appears that when the Amphitrite was docked station a few days ago, she was placed so was hauled to the front end of the dock nd left there for some time. This portion seemed sound and strong, as was the rear end in this section, due to hydrostatic causes. ras feared that the dock was permanently dam-

in this section, due to hydrostatic causes. Then it was feared that the dock was permanently damaged. Great weights were employed, however, and the central section pressed downward into its right, position. Experts say there is reason to expect that similar conditions may again arise and that similar results will inevitably follow. Should the mishap occur when a ship is in the dock, she would be seriously injured, if not destroyed.

Naval officers do not hesitate to say that the caisson of the Port Royal Hasin is weak, and its present condition dangerous. It is the caisson which keeps the outside water from entering the dock. It is the huge gate, so to speak, at the entrance. If it gives way when a ship is on the blocks, the vessel is not only liable to be wrecked, but the lives of the persons on board are in jeopardy. The caisson operates in huge timber grooves. Thich are located, one on the outer, the other on the inner side of the ends. It has been found that the inner side of the ends. It has been found that the inner side of the ends. It has been found that the inner side of the ends. It has been found that the inner side of the ends. It has been found that the mer groove is cracked to a considerable extent. It is, therefore, weak, and the Indiana would not be safe in the dock. The conditions can be appreciated when it is understood that the pressure for the water in the harbor against the caisson is terrific, and the consequent strain against the big dam immense. The inner groove being weak, there is danger that the pressure would force the caisson is terrific, and the consequent strain against the big dam immense to the inner groove being weak, there is danger that the pressure would rush in the dock with great force, carrying all before it. These are the conditions which the Cramps have to consider, in addition to the point that Secretary Herbert attaches importance to, that at high tide there is sufficient water to carry the Indiana over the bar near fiderit water to carry the Indiana over the bar near

THE GOSPEL OF SOUND MONEY.

preaching the gospel of "sound money" to the be nighted free-silver Democrats of the South, said to-day that the tide had begun to turn and that he felt confident that a majority of the delegates from the Southern States to the next Democratic National Convention would be in favor of sound money and opposed to free and unlimited silver

the battle for sound money," he said. "There has not yet been a general victory; no one has surrendered, but we are steadily gaining ground and all the territory that has been captured is now ed by the sound-money forces. I confidently predict that our progress toward victory will co tinue and that we will have undisputed control of the National Convention. A majority of the deleoney. I want to belong to a party which stands by Democratic principles—for tariff reform, for sound money, and the greatest independence and personal liberty of the citizens and opposition to all forms of paternalism. The Democratic party, which is the party of the people, and sound on all other questions, should be the sound-money party and it will be. The question of candidates is a subordinate one. Whitney or Carlisle or Morrison or one of several others would make a good candidate. Cleveland, if it were not for this prejudice against a third term, would be invincible. But I do not think he wants to be a candidate. What may happen if the people should insist on his running again, I cannot say. I have not even thought of the matter. I am satisfied of this, that we are going to stand for sound money and elect our President next year." by Democratic principles-for tariff reform, for

BIDS FOR THE NEW TORPEDO-BOATS.

Washington, Sept. 10.-Secretary Herbert to-day opened bids for the construction of the three sea-going torpedo-boats authorized by the last Naval Appropriation bill. The cost of the vessels was limited to \$175,000 each, and the act provided for the construction of one of them on the Mis-missippi River, one on the Pacific Coast and one on the Gulf. Four bids were received-three from the Pacific Coast, one from the Atlantic, and none from the Mississippi or Gulf States.

The Union Iron Works, of San Francisco, offered build one of the vessels for \$175,000, two for 173,000 each, and three for \$172,000 each. Wolf &

173.000 each, and three for \$172.000 each. Wolf & Zwicker's Iron Works, of Portland, Ore, offered to construct one vessel for \$168.700. Moran Brothers' Company, of Seattle, Wash, bid \$163,250 for one boat. These offers were to build on plans furnished by the Navy Department.

The Herreshoff Manufacturing Company, of Brishol, R. I. (the yacht-building firm), offered to construct one or all three of the vessels at \$144,000 tach. This bid was for plans prepared by the company, which were submitted with the bids. The boats are to be of 180 tons each, and are to have a speed of at least twenty-six knots, and are to be completed in fifteen months from the signing of the contract.

In case the Secretary finds that he cannot construct the vessels at the points named in the bill, he is authorized to build them at any point in the United States.

EX-CONSUL WALLER'S CASE. A STATEMENT THAT CONSUL WETTER MADE NO EFFORT IN HIS BEHALF-MR. WALLER'S DEPOSITION RECEIVED.

Washington, Sept. 10 (Special).—The report of Am-bassador Eustis, transmitting the deposition of ex-Consul Waller, which was recently obtained, has been received at the State Department, which is thus for the first time placed in possession of full information in regard to his side of the case. The statement of Mr. Waller is said to be full and ex-haustive. The Department has also received some information from French official sources, but it does not include a copy of the proceedings of the court-martial which tried and convicted the ex-Con-sul on the charge of treasonable correspondence with the enemy and sentenced him to a long term of imprisonment. Among the papers received, however, is said to be a statement of the French Admiral at Tamatave to the effect that Consul Wetter neither appeared at the trial nor made any apparent effort in Waller's behalf-in fact that "he never raised a finger in defence of Waller," but, on the contrary, appeared to be wholly indifferent as to his fetc. The friends of the ex-Consul in Washington are strongly impressed with the belief that the conduct of Consul Wetter in the whole affair was thoroughly reprehensible and such as cannot be tolerated by the Administration. He is a Georgia Democrat, who was appointed, it is understood, through the good offices of Secretary Hoke Smith and "Reformer" Josiah Quincy, when the latter was engaged in the congenial task of "reforming" the diplomatic and consular service two years ago, prejudices of Georgia Democrats of the baser sort against men who belong to the colored race. That this is true would seem to be indicated by his frethis is true would seem to be indicated by his frequent if not habitual references to ex-Consul Waller as "that coon." It is highly probable that if the latter had been a white man and had not embarked in any business enterprise which might interfere with the private ventures and speculations in which, it is asserted, Consul Wetter and his friends are engaged, the official efforts and action of the Consul, whether successful or not, would have been more zealous and energetic as well as more creditable to himself and the Government he is expected to represent.

realous and energetic as well as more creditable to himself and the Government he is expected to represent.

The wife of ex-Consul Waller sailed from Mauritius on August 23, and is expected to arrive in Paris about September 22. Her long detention in Mauritius seems to have been due in part to the indifference and neglect, if not to the actual unfriendliness, of United States Consul Campbell, who is stationed there. She was in a destitute condition when she arrived at that place, which she had been enabled to reach only through the charity of an American citizen who was temporarily acjourning in Madagascar, and who was in almost as desperate straits as she. Consul Campbell had no means with which to help her to continue her journey, and it seems that instead of communicating with the State Department by telegraph, as he might have done at small expense, he did so by mail, and six weeks passed before the letter was received in Washington. In a letter received from Mrs. Waller several days ago by Paul Bray, written before her departure from Mauritius, she mentions a report current there to the effect that Consul Campbell was to be sent to Madagascar to make an investigation of the Waller case, and she expresses a hope that the report was incorrect because of his apparent prejudice against the ex-Consul. It may be remembered that Mrs. Waller was residing at Antananarivo, the Hova capital, when her husband was arrested and tried at Tamatave. In her letter she writes that she will be able to give testimony that will be important and valuable in the pending investigation, and under the circumstance in heading at content of the total will be important and valuable in the pending investigation, and under the circumstance in the conjecture that Consul Wetter and his friends in Madagascar were in no haste to have her reach Washington in time to be a will one.

CAPTAIN EVANS TO GO TO THE INDIANA THE FLAGSHIP NEW-YORK.

Washington, Sept. 10 (Special).-It has been decided to relieve "Fighting Boh" Evans from the ommand of the flagship New-York. Some time ago Captain Evans applied for orders to the Indiana Then it was said that the request would not be granted. No reason was assigned, except that officers were not to get duty merely because they wanted it. Now comes the information that Capwanted it. Now comes the information that Captain Evans will go to the Indiana. He will be attached to that vessel until she is ready to be commissioned. Then he is to become her commander. The report is heard that the President became interested in the case, and that he intimated that he would be pleased if the detail was given his former companion on fishing expeditions to Southern waters. Nothing definite is known as to who will be sent to the New-York as commanding officer. Captain Frederick R. Rodger, now the captain of the New-York is most frequently spoken of for the billet. His last cruise was on the Philadelphia when she was flagship of the home station.

THE FINDINGS IN THE SUMNER CASE. Washington, Sept. 10.-The proceedings and findings of the court-martial in the case of Captain Sumner, of the cruiser Columbia, were received at the Navy Department to-day. The findings will not be officially made public till the President acts upon them, but some unofficial statement as to their purport will probably leak out in a day or two, as is customary in such matters.

FLOODS IN KANSAS RIVERS.

WASHOUTS ON THE RAILROADS, AND PEOPLE

DRIVEN FROM THEIR HOMES. Fredonia, Kan., Sept. 10.-Fall River kept rising until midnight, and up to 11 o'clock this morning had fallen only three inches. The waterworks engines are under water. The 'Frisco and Pacific trains are unable to reach the city. The Pacific passenwhich arrived from Kansas City yesterday is here. This morning the Verdigris River, eight es north, had risen until it was nearly two higher than for thirty years. The Santa Fe some track north washed away, and, like the tife, is unable to reach the city from either direction.

Elk City is under water, and the inhabitants have been driven from their homes, many of which have been washed away.

ME. ROOSEVELT SPEAKS IN BUFFALO.

HONESTY IN MUNICIPAL GOVERNMENT HIS THEME HE HAS HAD A SPLENDID TIME IN THE POLICE BOARD.

Buffalo, Sept. 10.-Theodore Roosevelt addressed the Liberal Club to-night. Among those present were Father Sylvester Malone, of Brooklyn; Pro-fessor Lounsbury, of Yale, and Carroll D. Wright, United States Commissioner of Labor. After an eloquent introduction by President John G. Milburn, Mr. Roosevelt began by saying that the solu-tion of the municipal problem lies in the application thereto of the common virtues. He emphasized true Americanism as needful for good government, the ruling out of creed and racial distinctions. National politics, he said, is allowed to cut no figure in the present administration of the Police Department in New-York, which seeks by enforcing the

law to prevent bribery and blackmail. After speaking of the need of absolute honesty and courage in municipal government, he said that pro-motions in the New-York police force row depended on efficiency instead of political influence. "I do not regret that I have gone actively into politics," he said. "I have had a splendld time for four months. I have had a much nicer time than my antagonists have had. The problem before the Police Board has been the enforcement of the law, to see that policemen did not take bribes or commit blackmail.

been the enforcement of the law, to see hat policemen did not take bribes or commit blackmail. That is not a party issue, and Senator Hill thinks it is, but it is not."

Here are some more of the best things he said:

"Some six or seven years ago the present United States Senator from New-York said that the Decalogue and the Golden Rule had no place in politics, that the purification of politics was an iridescent dream. We have proceeded on the other theory."

"He a man ever so honest, if he is cursed with a sufficient amount of timidity he is the merest nuisance in any emergency."

"I recognize public santiment as it is embodied in law. The remedy of the public if it dees not like it is to turn me out at the end of my term.

"The one person abhorrent to the powers above and below the earth is the hyphenated Americans."

Complimentary mention was made of the service rendered to the cause of reform by Recorder Goff and Jacob Rilis, author of "How the Other Haif Lives." In closing Mr. Roosevelt denied that if the people, when they won the election, did not mean what they raid they had better have lost it. He will address a larger public meeting here to-morrow night, accompanied by Bishop Keane, the president of the Catholic University of Washington.

HE IS NOT TAMSEN'S ALLEN.

INSPECTOR ASHE'S INFORMATION REGARDING THE SPRINGFIELD PRISONER.

Chief Postoffice Inspector Ashe yesterday ceived a telegram from inspector in Charge Jonathan, of Moberly, Mo., which read: "Hogan, alias Charles Allen, who was arrested in Springheld, Mo., is not the party who escaped from Ludlow Street Jall. Has not the identifying marks on him."

NEEL WINS ANOTHER CHAMPIONSHIP THE HAMILTON TOURNAMENT FOR ONTARIO

HONOES ENDS. Hamilton, Ont., Sept. 10 (Special).—The tennis tournament held at the Hamilton Cricket Club grounds was ended to-day, and Carr B. Neel added other string to his long list of laurels by defeat ing Fischer, the previous holder of the Ontario championship, in three straight sets. A larger assembled around the championship court, and, strange to sry, were impartial in their applause of the many good strokes that were made during

In the first set Fischer, as usual, was wild and the play was uninteresting, Neel winning easily; the play was uninteresting. Neel winning easily, but in the second set Fischer's play improved considerably and for the remainder of the match the play was almost even, though Neel won both the second and third set and match. The men's doubles were interesting only from an amusing standpoint, as the winners far outclassed their opponents. The visiting players go from here to opponents, where they will play on Thursday. The scores follow:

Men's singles (final round)—Carr B. Neel beat E. Fischer, 6-1, 6-3, 6-4. Men's doubles (final round)—C. B. Neel and G. L. Wrenn beat A. P. Hawes and E. S. Glassco, 6-3, 6-2

WINNERS AT CENTRAL PARK.

The Central Park tennis players finished an exciting tournament in mixed doubles yesterday afteron on the lower tennis courts, Miss Howard and Mr. Moore winning the final game from Miss Hart and Mr. Heywood by only four points. Much disand Mr. Heywood by only four points. Much dis-satisfacton was expressed at the result of one of the matches in the first round as the scorer was incompetent and made so many mistakes that most of the spectators claimed the victory for a team which was declared beaten by two points. The scores follow: scores follow:

way had the narrowest possible escape from an appailing disaster between Belgrade and Brooten others were injured, though not seriously. On the arrival of the train here ex-Senator Washburn and Miss Brand were taken to the Parker House, where doctors are attending them. The train was only four feet from a high bridge when the accident occurred. The three rear coaches of the train were thrown from the rails, two of them rolling down an embankment into a ditch. The accident was precipitated by the breaking of the forward axle of the dining-car.

PERRY'S VICTORY CRLERRATED.

Newport, Sept. 10 (Special).-This was the anniversary of the battle of Lake Eric, the hero of which was Commodore Oliver Hazard Perry, a native of Rhode Island, whose bronze statue is Washington Square. His great nephew, Oliver Haz-ard Perry Belmont, celebrated the day at his palatial and Perry Belmont, celebrated the day at his palathal house, Belcourt. It was a great day for the Belmonts. At noon a squad of the Newport Artillery, the Governor's body guard, fired a National salute opposite Belcourt. It fired another to-night. Mr. Helmont fired off hundreds of dollars' worth of fireworks in the lot west of his stables. He also gave a dinner, followed by an informal dance, at Belcourt. Erie, Penn., Sept. 19.-The anniversary of Perry's and the centennial of Erie's settlement were celebrated to-day. The city was resplendent in decorations. The first thing on the programme was the Sunday-school parade. There were 7,000 children in line. All the children sang "The Star Spangied Banner," "America" and "Red, White and Blue," and 30,000 people watched them. The L. A. W. meet took place this afternoon.
